Subject: Parental Rights

I now understand that you the Connecticut Committee on Judiciary members are the people that can help me.

In an article by Communities Digital News, by Jim Picht - Feb 5, 2015 **US Attorney Deirdre M. Daly_ Investigation of corrupt CT courts** it states "Some state officials have

suggested that the task force's first order of business should be to address problems with fraud and corruption in the State's family courts. According to the Connecticut Judicial Review Council's website, the 25 member committee has fielded tens of thousands of complaints filed by consumers against Connecticut judges, however, fewer than 11 judges have been subject to public disciplinary hearings since the 1980's."

This is my TRUE STORY of how the State of Connecticut violated my Constitutional rights blatantly without consideration of DUE PROCESS of the LAW or Supreme Court Precedents for mine and other Parents Constitutional rights!

Attached is file [Dbook1WCover-jl1.pdf](#) this is a 27 page synopsis of the almost 40 year violation of parental rights that is still going on today. Documentation C2 through C95 can be downloaded from the Chapters folder at this link: <http://ppl.ug/rk9ASnGFd8A/> you can also download the shows I did in Danbury Connecticut, at Comcast Public Access 23 TV, with Time Out With Kevin Gallagher.

I would also like to make you aware of on "July 1, 2016 Washington, D.C. Legislation in the U.S. Senate to propose a Parental Rights Amendment to the U.S. Constitution has officially received a bill number: **Senate Joint Resolution 36**. "Michigan code 380.10 was the first known parental rights statute in the country. Adopted in 1996" and the list is growing of States that are starting to "**preserve a parent's "fundamental right and duty to make decisions concerning [the] care, custody, and control" of their children.**" Maybe Connecticut should take a look at this trend!

If you have read the file attached you understand why I need this madness to stop! The State of Connecticut can never give me back the memories or the time I would have had with my children or the Freedoms that I should have had as an American citizen. According to "**Griswold v. Connecticut, 381 US 479, (1965) There is a family right to privacy which the state cannot invade or it becomes actionable for civil rights damages**" therefore my family should be compensated for this gross and blatant violations of our Constitutional rights that happened over and over again! I have been asked to be the guest on a 1 hour live show were viewers can call in (203-791-1650) on August 24, 2016 at 7:00 PM on Comcast Public Access 23TV, with Time Out With Kevin Gallagher. I would be happy to answer some of your questions if you call in!

I would like a response to this E-Mail.
