

The Honorable Chris Gibson

2 Hudson Street

Kinderhook, NY 12106

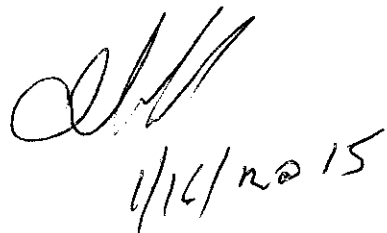

This is a petition for help. I need help staying the persecution and prosecution by the State of Connecticut until the Federal Government can investigate my case. I have been on the Dead Beat Dads list for approx 37 years do to the negligence and incompetence by the Departments that represent the State of Connecticut and currently am having my SSID garnished in relation to this issue as well as a continuation of being a prisoner of the United States because I can not get a passport to travel out of country and move about as a free citizen. This status also effects my credit score and the ability to gain wealth.

I would like the Federal Government to investigate the Connecticut Public Defenders office, especially district 3.

I would like to know why Leslie Raider was retired from her position at the Family Relations Unit of Connecticut? She was a major player in this issue and the reason why there was no follow-through on the custody study requested by the State of Connecticut court in 1986.

I'm accusing each of the offices in connection to this case of unethical and unfair practices. I am seeking a chance to have my case heard in full on a Federal level.

Included is a soft copy of the rough draft of my manuscript explaining the issues and my defense.
