I was trying to follow-up with Ridge Harris and found that he is no longer working with Congressman Gibson and you have taken his place. Good Luck in your new position.

I am following up since I have not heard from your office since February 25, 2016. I would like to know if you have received a reply from the Honorable Deirdre M. Daly of US Attorney for the District of Connecticut on my behalf.

I was also hoping that you could forward these two ½ hour shows to Honorable Deirdre M. Daly of US Attorney for the District of Connecticut. They explain the information on the CD that your office sent with the letter from Congressman Gibson.

States have found ways to protect the rights of Foster Parents more than Birth Parents; take Kevin White as an example here in Albany.

Foster Mother leaves 3 children in the care of a 19 year old person with mental issues. 19 year old kills boy! The Foster Mother nor the State are culpable in the actions leading to the death of the 5 year old child.

If the Birth Parent leaves children with babysitter; babysitter hurts or kills children. Babysitter is put on trail for their crimes But, the Birth Parent or Birth Parents are also charged with the crimes against the children by the State! This has been documented in the news, time after time nationwide!

There has to be a better way to protect Both; the Children and the Constitutional Rights of the Birth Parents.
