In the interest of justice and seeing that I am your constituent and the fact that being on the Dead Beat Dad's list is a violation of Federal Law I ask that you review all the information and speak to State of Connecticut's Governor Lamont on my behalf to exonerate me as I did nothing to deserve this label of Dead Beat Dad.

Attached is:

- 1) Letter to Connecticut Governor Lamont
- 2) A letter that I sent to President Trump which explains much more along with a website that has my true story with documentation. This letter was sent by way of The Fathers Rights Movement and The Connecticut Fathers Rights Movement by David Vesper
- 3) An E-mail that I sent to Lt Governor Susan Bysiewicz Office (VIA- Adam Joseph adam.joseph@ct.gov e-mailed Oct. 2, 2019) with no response which explains more.
- 4) The letter that I recently wrote and mailed to my mother Edna Lake who stole my children when I was asked to let bygones be bygones so she can die in peace. I have not heard back from any family member.
