Please also take a look at (Yahoo Mail - Fw_ How does a citizen fight or protect themselves from a Corrupt State_.pdf Attached) for more information including the Testimony of Anne Stevenson offering testimony relevant to the Family Court Task Force Public Hearing on Child Custody on Thursday, January 9, 2014, before the State of Connecticut General Assembly. (Testimony - Stevenson, Anne.pdf Attached)

I hope this will help you see that I am not alone and that the ACTS that the State of Connecticut has been illegal from the first day that the courts gotten involved.

If the State did not give my mother Welfare for Stealing my Children she would have gave them back.

Have a Good Day!
